Overview

I'm Sara Medhat. Frontend React / Next.js Developer ,recent Computer Science graduate from Mansoura university and ITI Trainee. Over the past 3 years, I've built a strong foundation in Frontend development. I've worked on multiple projects focusing on clean code practices, responsive design, web performance, and accessibility standards.

Education

- **Bachelor of Computer and Information Science** | Mansoura university 2021-2025
- **GPA:** 3.61 – 90.07% [Graduation certificate](#)
- **Ranking:** 4th in my department (medical informatics)

Internships

- **Intensive Training Program (ITP)-ITI** **January to june 2026**
A focused five-months internship program in MEARN Full-stack web development track.
Information Technology Institute (ITI), Port said branch.
- **ITI Mansoura- summer Frontend Training** **July to September 2024**
One-month internship covering HTML, CSS, JS (ES6+), Bootstrap, and React.js.
- **ALX AiCE-AI Career Essentials** **July 2024**
Learned to leverage AI tools for productivity, efficiency, and career growth.
- **CCIC-Front End training** **July to September 2023**
Built ReactJS apps with Bootstrap while strengthening HTML5, CSS3, and modern JavaScript.
- **Udacity-Web Development scholarship** **December 2022**
Learned front-end fundamentals and WordPress for responsive websites.

Projects

- **The wild oasis** [Demo](#) | [GitHub](#)
Full-stack cabin booking platform with Google Auth, profile management (Next.js, Tailwind CSS, Supabase for backend).
- **Full-featured Responsive E-commerce** [GitHub](#)
Responsive e-commerce site with authentication, filtering, cart & checkout (React, React Router, Tailwind, Context API).
- **Users Dashboard CRUD**
A responsive users dashboard built with React, Tailwind CSS, and Flowbite React, featuring mock authentication, CRUD operations, search, pagination, and form validation using the DummyJSON API for simulation and local state for UI updates.
- **Graduation project-B2W** [GitHub](#)
Built an accessible job-matching platform for people with special needs, with authentication, dashboards, and job applications. Added AI tools for CV analysis, interview simulation, and sign language translation.

- **Responsive Gemini Clone**

[Demo](#) | [GitHub](#)

Responsive conversational AI, isolated chat histories, and context-aware responses using React.js, Context API, Bootstrap, and Gemini API.

Technical Skills

- **Frontend:** Html, JavaScript, jQuery, PWA, Typescript, ReactJS, Angular, Next.js, React Query, Redux, Redux toolkit.
- **Backend:** Node.js, Express.js, GraphQL API, Nestj.s,MongoDB, Mongoose.
- **Styling:** CSS, Saas, Bootstrap, Tailwind CSS, shadcn UI and material UI.
- **Developers Tools:** Version Control(Git, GitHub).

Volunteering / Extracurricular Activities:

- Most Active Volunteer in IEEE frontend committee.
- Team Leader in Zakrny Project
